

Final resolution(s) (for vote by D15 Board - Tulsa)

Moved that:

- 1 District 15 events limit the ACBL handicap scale to a 5000 masterpoint average member per team.
- 2 The ACBL Handicap scale shall be used when applicable.
- 3 The top bracket will only be handicapped if there is at least one team with an average/player of 1000 masterpoints or less.
- 4 Any other bracket will be handicapped only if there is a 5-1 ratio between the average of the top and bottom team in the bracket.

This method will result in handicaps in virtually ALL sectional KOs and most lower brackets in regionals. We recommend that the Board of Directors send this to units as a 'highly' desirable policy for sectionals.
