

Science Project Due Dates. All Reports have guidelines posted on Mr. Bausback's website.

FIRST TERM:

Monday, September 21: Final project idea proposal due. Students have researched ideas and have settled on one idea and found and been in contact with a Mentor by this date. Students present the idea to the class. No group or solo partner changes after this date.

Monday, October 19: First Progress Report due and the last day for theme switches. This report will be presented in Power Point. Any changes in themes must be approved by Mr. Bausback by this date. Theme changes after this date will lose 10 percentage points on the final project.

SECOND TERM:

Monday, November 30: Photo Report due. (Photos of you experimenting, etc).

Monday, January 11: Project Displays due and presented to class.

THIRD TERM:

Tuesday, February 16: Final project idea proposal due. Students have researched ideas and have settled on one idea and found and been in contact with a Mentor by this date. Students present the idea to the class. No group or solo partner changes after this date.

Monday, March 15: First Progress Report due and the last day for theme switches. This report will be presented in Power Point. Any changes in themes must be approved by Mr. Bausback by this date. Theme changes after this date will lose 10 percentage points on the final project.

FOURTH TERM:

Monday, May 3: Photo Report due. (Photos of you experimenting, etc).

Thursday, May 27: Project Displays due and presented to class.
