

Science Project Proposal Project Question: _____

Name 1 _____ Per. _____ Name 2 _____ Per. _____ Date: _____

Creativity & Difficulty (30 Points Possible)

	You Fill Out ↓	For Mr. B. ↓
The problem is original. Have you seen this project before? Is this project just repeating an idea you looked up or did you come up with it? Is the idea unique and unusual?	0 1 2 3 4 5	0 1 2 3 4 5
The project is advanced. Could this project have been done in 5 th grade? How about 7 th or 8 th grade? Do you believe this is an advanced honors level high school project?	0 1 2 3 4 5	0 1 2 3 4 5
Potential: How much potential does this idea have to become a great project? Would this be a project that you would take to the SB County Science Fair or is this a project that you're just doing to get it done and over with? Is your question specific and measurable and did you come up with several quantitative measurements you will take with tools?	0 1 2 3 4 5	0 1 2 3 4 5

Scientific Thought and Depth (40 Points Possible)

Experiment: This is based on how well you answered the four questions. Do you know what the one variable is in your project? Did you understand and explain what your constants are and what your control is? Did you talk about repeating the tests?	0 1 2 3 4 5	0 1 2 3 4 5
Relevance and Value: Have you shown that your project is relevant to the world? Do the results of your project and testing have a possible valuable application?	0 1 2 3 4 5	0 1 2 3 4 5
Mentor & Contact: Do you have a non-family mentor who has a degree in science (BS, MS, or PHD)? Have you had several discussions with your mentor about your project or have you just found one and you haven't really talked about your project at length with him or her yet?	0 1 2 3 4 5	0 1 2 3 4 5
Research: Have you researched your question and topic to find supplemental information? How much of an "expert" are you on your topic based on this research? How much have you learned about your project from your mentor?	0 1 2 3 4 5	0 1 2 3 4 5

Format (10 Points Possible)

Format: Did you use the online proposal form and type your responses in it? Did you answer all the questions? Did you adequately fill in the "How does ____ affect ____?" part?	0 1 2 3 4 5	0 1 2 3 4 5
