

4/2/09

I just wanted to take a minute to thank each and every one of you special people at Paradise Valley Emergency food Bank. It is very sad and embarrassing when you realize that you can't afford to support your family. And it is very difficult and humbling to ask for help. Thank you all so much for treating me with dignity and respect when I came in for food assistance. You made a difficult situation a lot less embarrassing. And God bless you all for giving me peace of mind, knowing that I can feed my son today when he comes home from school.

You are angels. ~ A grateful friend.
