Dear Maryann Weber,

The Spanish books that were donated by your organization to Most Blessed Sacrament Catholic School are wonderful. The reading series filled with children's books selections has enriched the Spanish Resource Room. The abundance of science books filled with ideas and bilingual education will help develop the Spanish curriculum for the elementary grades.

The state and condition of the books is like new. Your thoughtfulness and generosity is greatly appreciated and beneficial to all of our students. Once again, thank you.

Sincerely,

Vanessa Pavon
