

ATTENTION HOLMATRO USERS

EXTRICATION CONCEPTS has Holmatro Certified Technicians available to service and repair all of your Holmatro equipment. We are the only authorized service center for the state of Arizona.

KEEP YOUR HOLMATRO LIFETIME WARRANTY by using our service technicians for maintenance and repair of your Holmatro equipment. In order to keep equipment under the lifetime warranty tools & pumps need to be serviced annually by a certified technician. They use Holmatro parts and will ensure your equipment is running properly and in good condition after service. They will also be able to provide you with current warranty updates needed on equipment. **If found that prior service was performed by a non-certified technician and inappropriate parts and/or accessories, and/or labor were performed on equipment by the non-certified technician, the life-time warranty provided by Homatro Rescue Systems will be voided.**

We also provide a yearly **SERVICE AND MAINTENANCE AGREEMENT** for those departments that wish work done on equipment on a routine basis. Prices vary according to number of tools and/or sets. We will keep track of your maintenance and serial numbers at the same time each year. **KEEP YOUR HOLMATRO LIFETIME WARRANTY** valid. No need for you to try and remember to have your equipment serviced.

Contact one of our Certified Holmatro Technicians below. They will be able to answer your questions and set-up an appointment with you.
