March 13<sup>th</sup> & 14<sup>th</sup>

Through these 10 directions we discover ways of combat that establish a community between our weapons. Moving freely between the weapons, using them together or separately in the 3<sup>rd</sup> dimension.

Peter routinely travels to Japan for training with Soke Hatsumi and after over 2 decades of Bujinkan training he is currently a 12<sup>th</sup> Dan. Come and join in on this opportunity to receive excellent instruction on some of the more complex ideas in Bujinkan Budo Taijutsu.
