LONELY PRISONER IS OFFERING A REFERRAL PROGRAM?

We here at [LonelyPrisoner.com](#) can not guarantee that you will receive any letters. We do post your listing on the internet and try our best to get as many visitors to our website. And hopefully, you shall receive a bunch of letters. I feel exposure is the key to any success.

So we here at [LonelyPrisoner.com](#) have setup a referral system. For every individual that is successfully signed up to our service, we will give you an extra three months of free service added to your initial subscription.

Please write your DoC# and name in any brochures that you pass out or have your referral put it on a letter. That way you get credit for the referral. The more people you get referred, the longer your listing will be on the site without having to pay anything additional...

WHAT WILL WE FIND AT LONELY PRISONER?

1. Has a place to find pen pals that are behind bars. This was the main purpose of creating this the website. Most, if not all, inmates can not receive emails or have access to the internet. So all correspondence has to be done using US Mail. The information provided about the inmates may be submitted by the loved ones of the incarcerated, provided by the prisoner themselves, or additional info might be obtained from the facility government website.

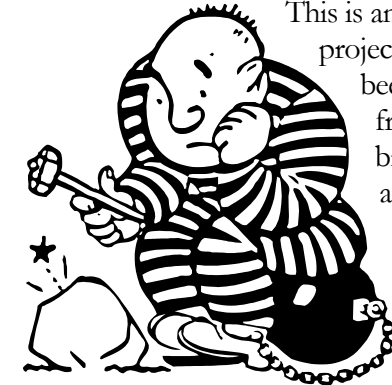

2. We've incorporated a **free Family Support Java Chat Room**. The intention of the chat room is to allow the parents, siblings or even friends of inmates to have the ability to have a central location to come to chat with others in the same situation.

3. The latest addition to the website is offering **FREE Web Based E-Mail** to any visitor to our website. Family members may setup an account for an inmate and I can post it to their listing. But setting up email accounts is not a service we provide yet.

WHY WAS LONELY PRISONER DEVELOPED?

This is an ongoing project. It has been inspired from my brother being a federal prisoner. He wanted a website to help find pen pals that would like to write him using the old fashion PEN, PAPER, and STAMPS method.

The website will slowly evolve to include all kinds of things and will continue building on the basic ideas and even incorporate new ones into the future.
