Local History: Zihautanejo is the original settlement & the actual town. It's main attraction is its well-protected bay where boaters often spend the winter months moored in its peaceful, clear waters. The bay offers various beaches for relaxation, recreation, dining or simply enjoying the abundantly beautiful scenery.

Ixtapa is a government-planned tourist resort that was begun in the early 1970's. It is constructed on what was once a coconut plantation. Zihuatanejo has the old-fashioned charm of traditional Mexican culture while Ixtapa is more akin to a transplanted miniature of modern Acapulco. There you'll find high-rise hotels lining the beach, modern condominiums, pricey shops, discotheques & flamboyant restaurants.

Tour Departure Information

Please have your tour tickets with you.

* Tours departing before 11:15am will meet in the Pharaoh's Palace, Dk. 2 fwd. 45 minutes before your actual tour time (as indicated on your tickets). You will be directed from the lounge to the tender embarkation area.

* For tours meeting after 11:15am, please be sure to allow yourself 45 minutes to tender ashore.

* Tour Departure times ...

are designed so that you'll have ample time to reach your tour on the pier via tender. You may have some waiting time on the pier, but this is only to ensure you are there on time.

Thank you for your understanding & cooperation.
