

Hilton Tennis Club Grass Cutting Information

- Lawnmower, weedwacker, and blower are in tool shed. The combination for the lock is 2001.
- All supplies (gas, etc) are kept in the tool shed. Gas for mower is in large gas cans on shed floor. Gas for weedwacker and blower is in small plastic can on shelf above workbench.
- Try to cut grass during non-prime tennis playing times.
- The mower is a side-discharge mower. Make sure the grass is discharged away from the courts.
- Green area in diagram is the area to be cut. Cut about 15 feet beyond the back fence. Sometimes the city will cut behind the courts and the area around the tool shed. Weedwack around bleachers, shrubs, flower beds. Also weedwack around the clubhouse walkway.
- There is a blower in the tool shed. This can be used on the clubhouse walkway and to blow away any grass on the courts.
