Fall Swap Shop (8:00AM)  
North Olmsted Com. Cabin

December 4 (Friday)  
Club meeting 7:00PM  
Avon Community Cabin

January 1 (Friday)  
New Year Fun Fly  
Avon Field

## Club Meeting:

The next meeting of the club will be to plan for the upcoming Swap Shop. **Mike Lenz** has been doing the yeoman work on getting the planning done. To date he has sold a number of tables and it looks like this year will be another success.

The only thing missing is you. To run any successful event such as this it is more than a great assistance to have club members assist with the setup and clean up. This really hasn't in the past been too much a problem or burden. Please come prepared to help as you have in the past and this year would be a success too.

Also there will be the nomination of officers for next year. This time around it will be the President and Secretary positions that are up for grab.

Directions available on the web site listed above.

## Day at the field:

The summer flying season is coming to an end. It has been one of the most pleasant seasons I can remember. Where were no super hot days and the rain and wind were less of problem. I hope you got to fly a lot.

The season often goes till early November. Keep something ready, you never know when it can be time to fly.

Judging from the crowd at the Harlan field, there was an increasing number of members who took advantage of time to fly.

Since Westlake is an open club, there were all kinds of craft, from glider, electric, nitro, fixed wing and hilo.

A typical day at the field can include some visitors that are of interest.

Above a visit by a hilo instructor and student as they practice touch and go's.

Steve always provides a show when he comes back home.

And now and then a classic cub decides to pay a visit.
