HPA is a nonprofit corporation which works to develop public participation in historic preservation, to provide community education in significant areas of local history and to insure the preservation of Wichita and Sedgwick Co. historic landmarks. It depends upon membership dues and donations for support.

Members receive the *Heritage Guardian* newsletter, and quarterly membership meetings of the alliance are held on Sunday afternoons at different historic locations.

HPA is a 501 organization, and all contributions are tax deductible as permitted by law.

Donation: _____
